(Example: On a \$750 project the building owner pays \$375 of the costs and the R.E.G.E.N.T. Program grants \$375). Grants can be awarded up to \$250 (50/50% match) for signage or business equipment/furniture for buildings in the business district. The program funds are available until the pool of money allocated for the grant program is exhausted. Projects must be completed within one year from the date the request is approved. A maximum of \$5,000 can be awarded to a property owner at any one location. Once \$5,000 has been awarded, a period of five years must pass, beginning with the date the first grant was awarded before future grants will be considered.

Projects that have accompanying Main Street conceptual drawings provided by the state Main Street Consultant and have not been granted funds previously by JADE will receive priority.
